

Fiche Produit

LINEA WALL

Un système de bardage aluminium architectural offrant une grande variété de conceptions en termes de typologies, d'applications, de couleurs et de textures.

Profilés de bardage aluminium proposant des solutions légères et design pour couvrir de grandes surfaces, appliqués aussi bien à l'extérieur qu'à l'intérieur des bâtiments, en améliorant l'esthétique générale et en augmentant les niveaux d'énergie.

LW-2020 / 20x20 mm

Epaisseur des profilés 1,2mm

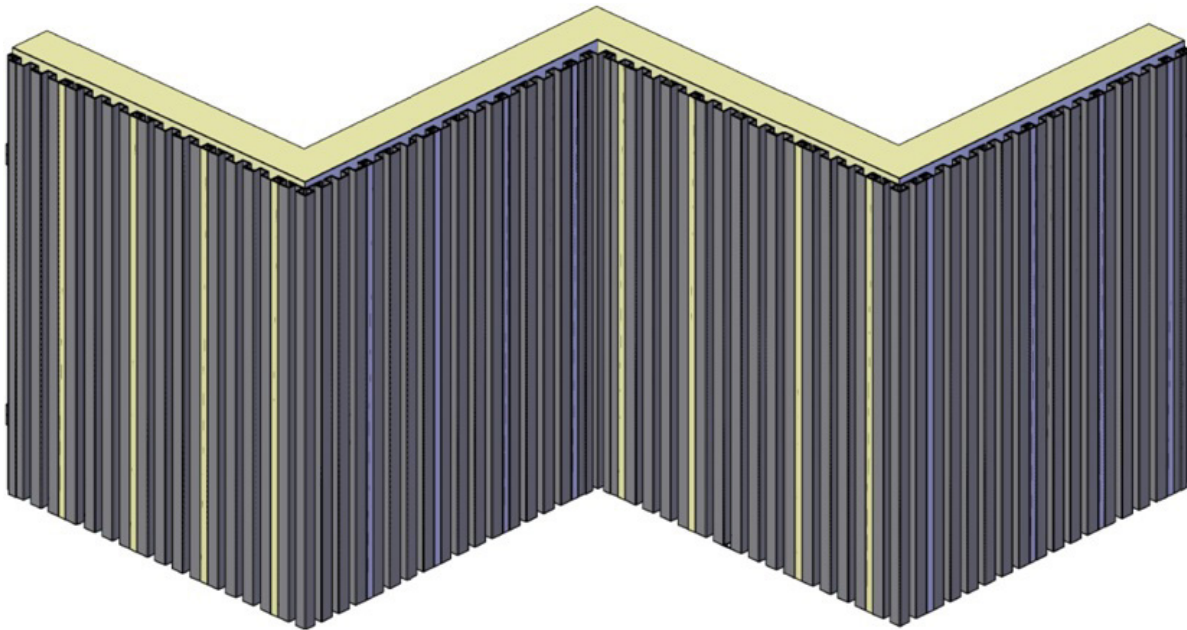

A 3D perspective view of a corner joint in a wall assembly. The assembly consists of a yellow outer layer, a purple insulation layer, and a dark blue structural layer. The corner is reinforced with a metal L-plate.

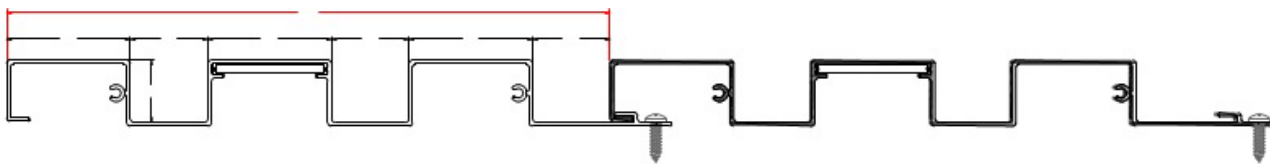

LW-2030 / 30x20 mm - LED SYSTEM

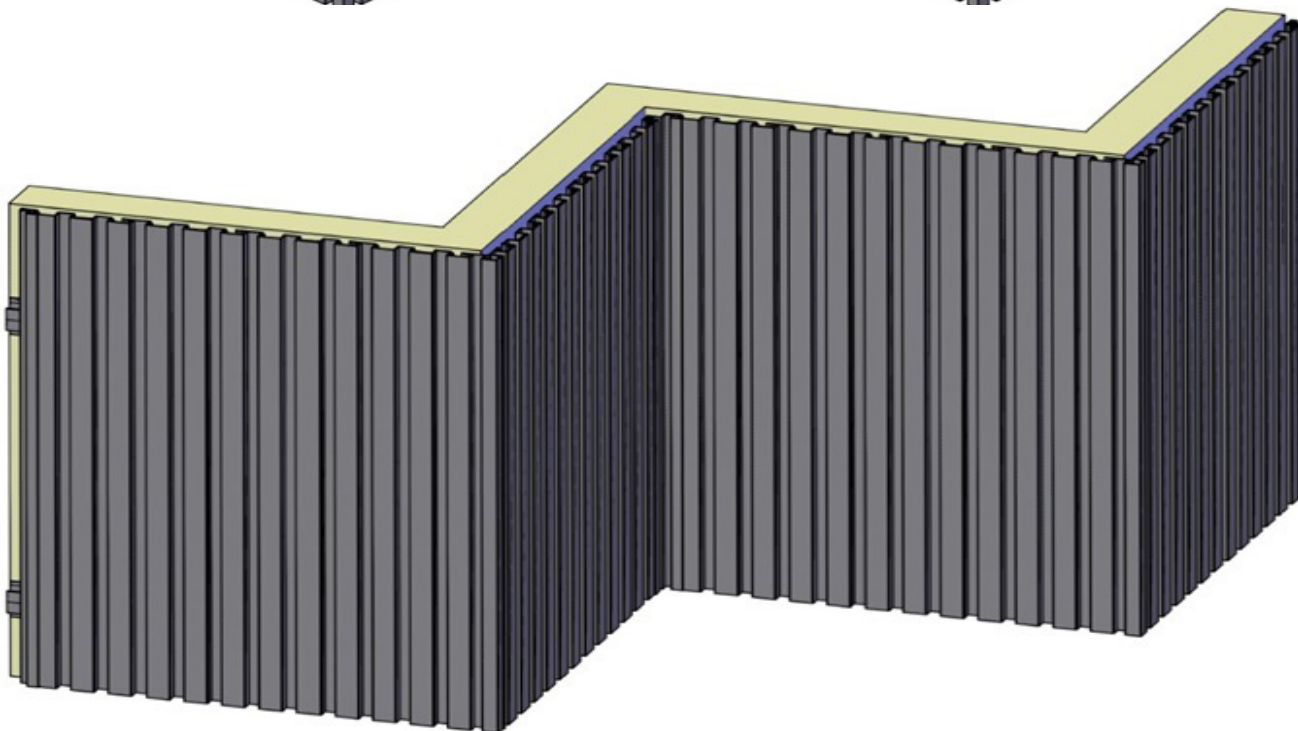

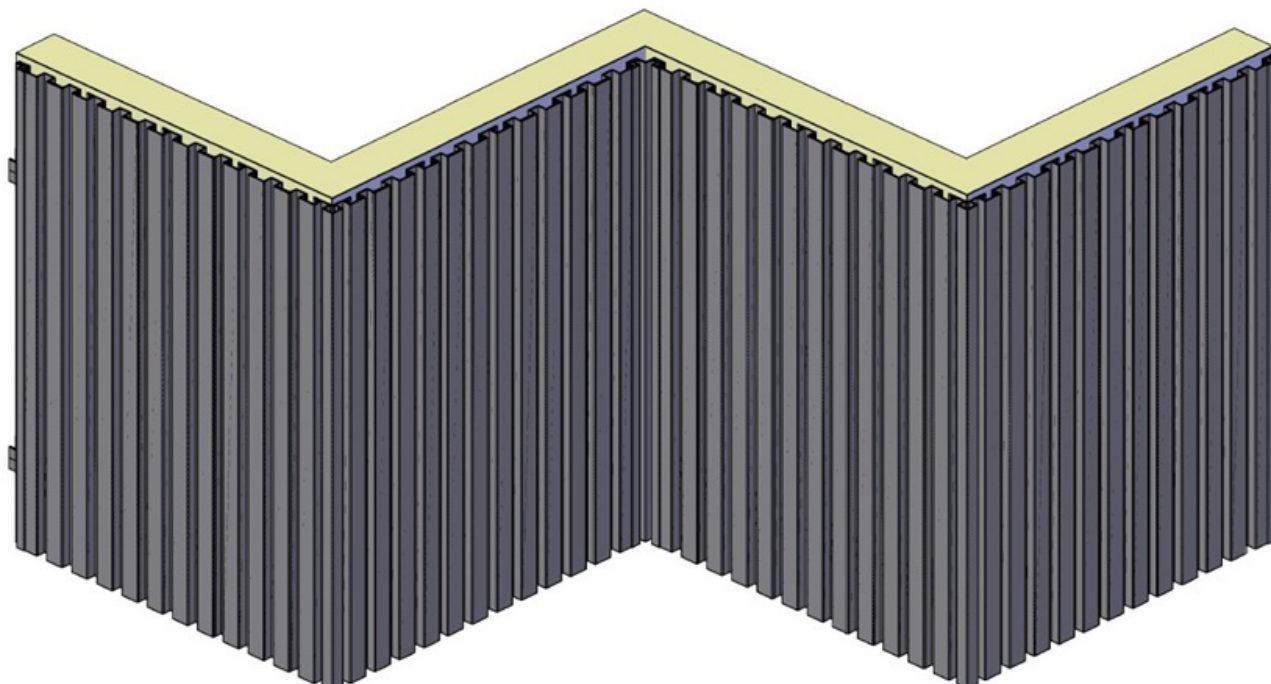

Epaisseur des profilés 1,6mm

LW-2040 / 40x20 mm

Epaisseur des profilés 1,2mm

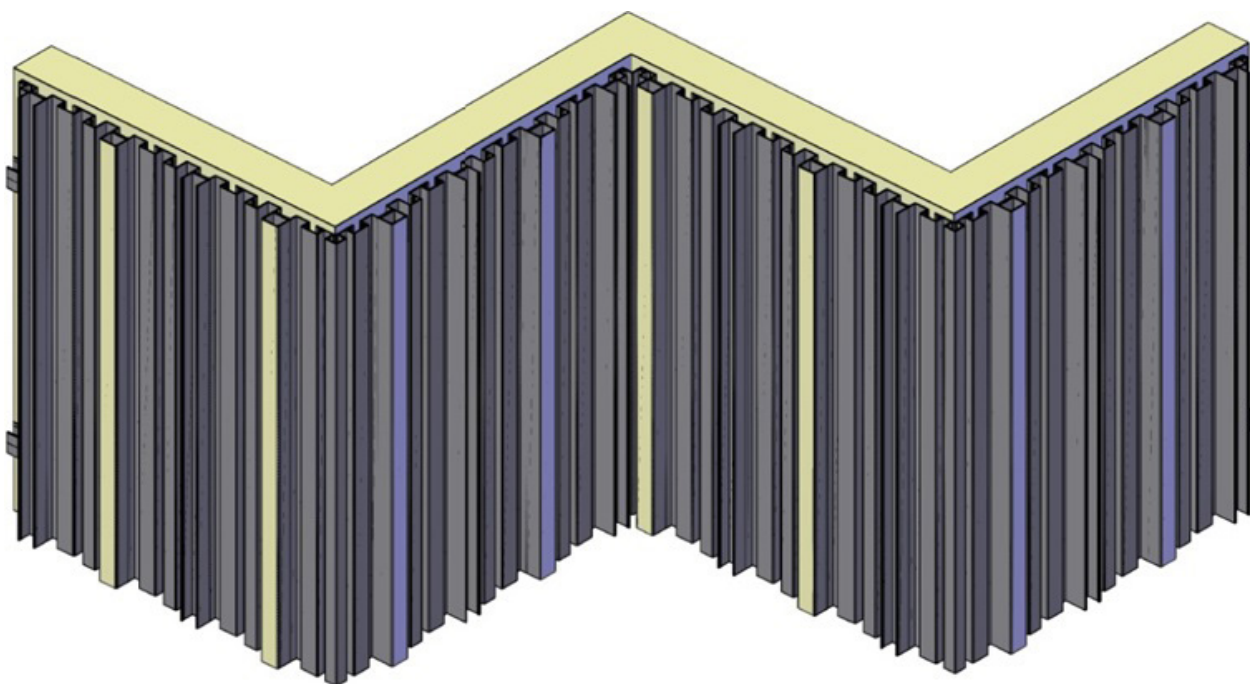

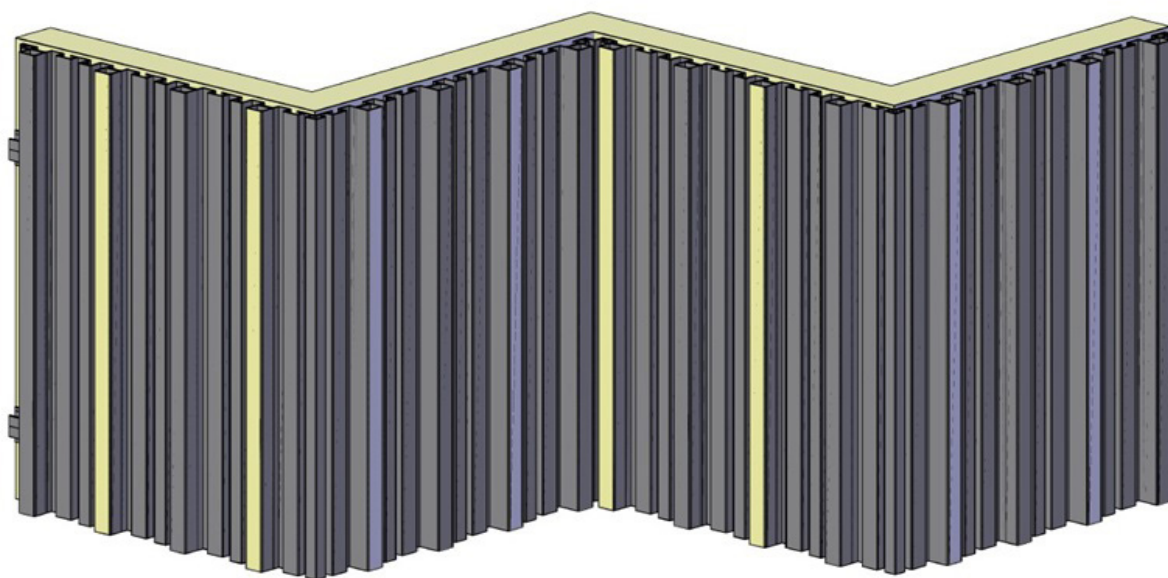

LW-2050 / 40x20 / 40x50/30x30 mm

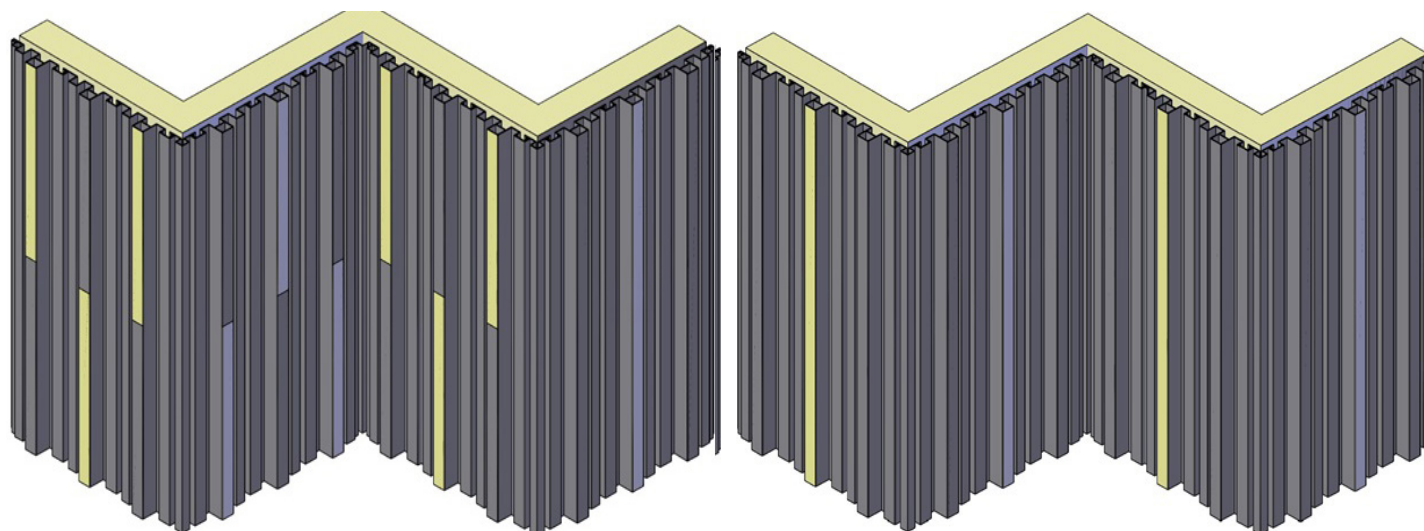

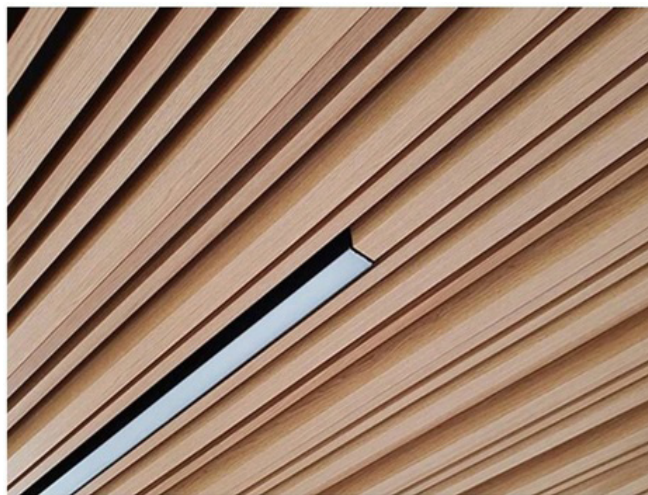

Epaisseur des profilés 1,2mm

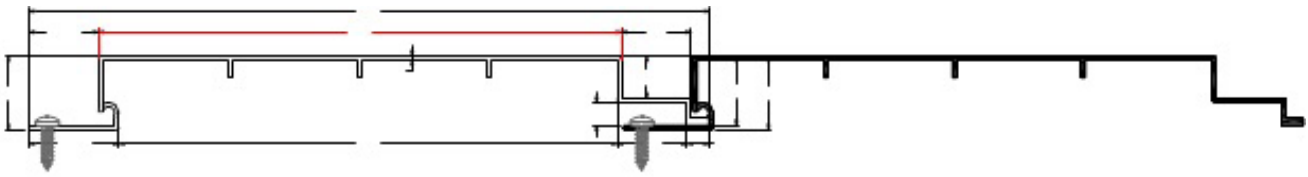

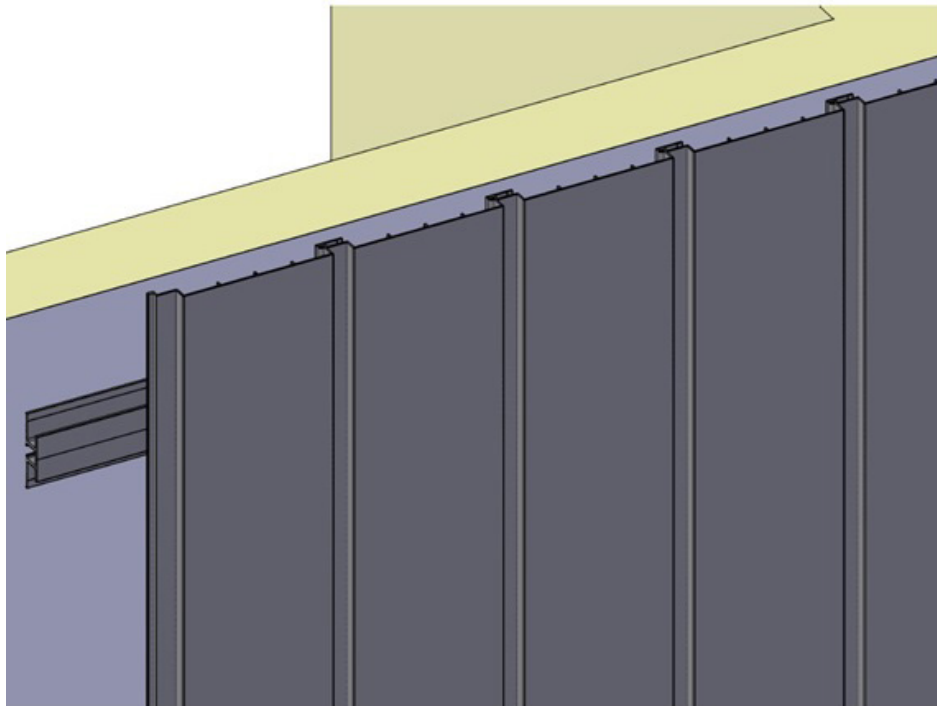

LW-2050 40x20 mm / 40x50 mm / 30x30mm

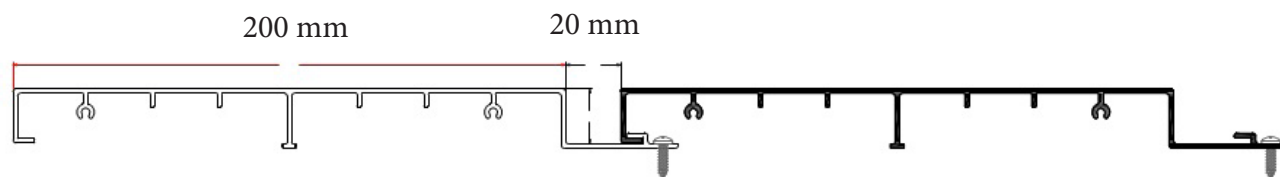

PF-070-015 / 195x21.2mm / décalage 20mm / 150mm de profilé visible

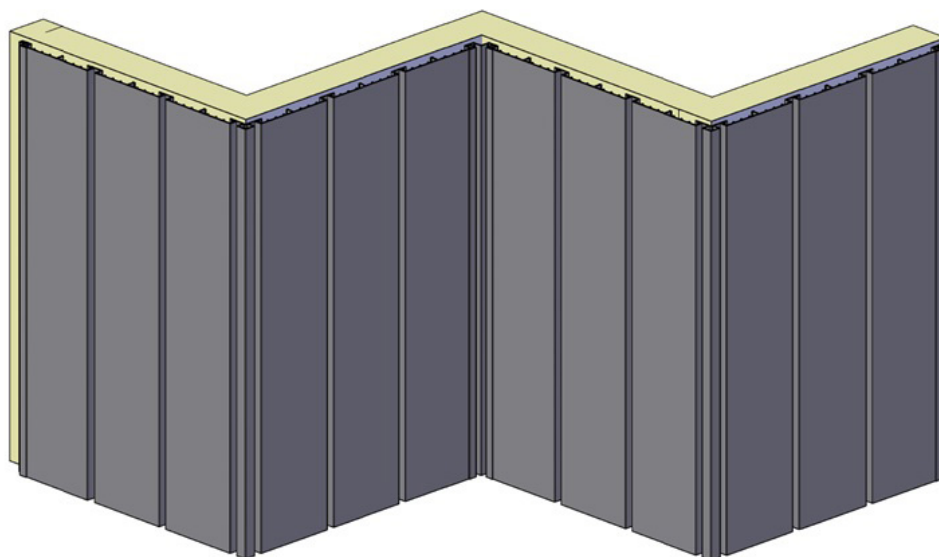

Epaisseur des profilés 1,2mm - 2,2mm

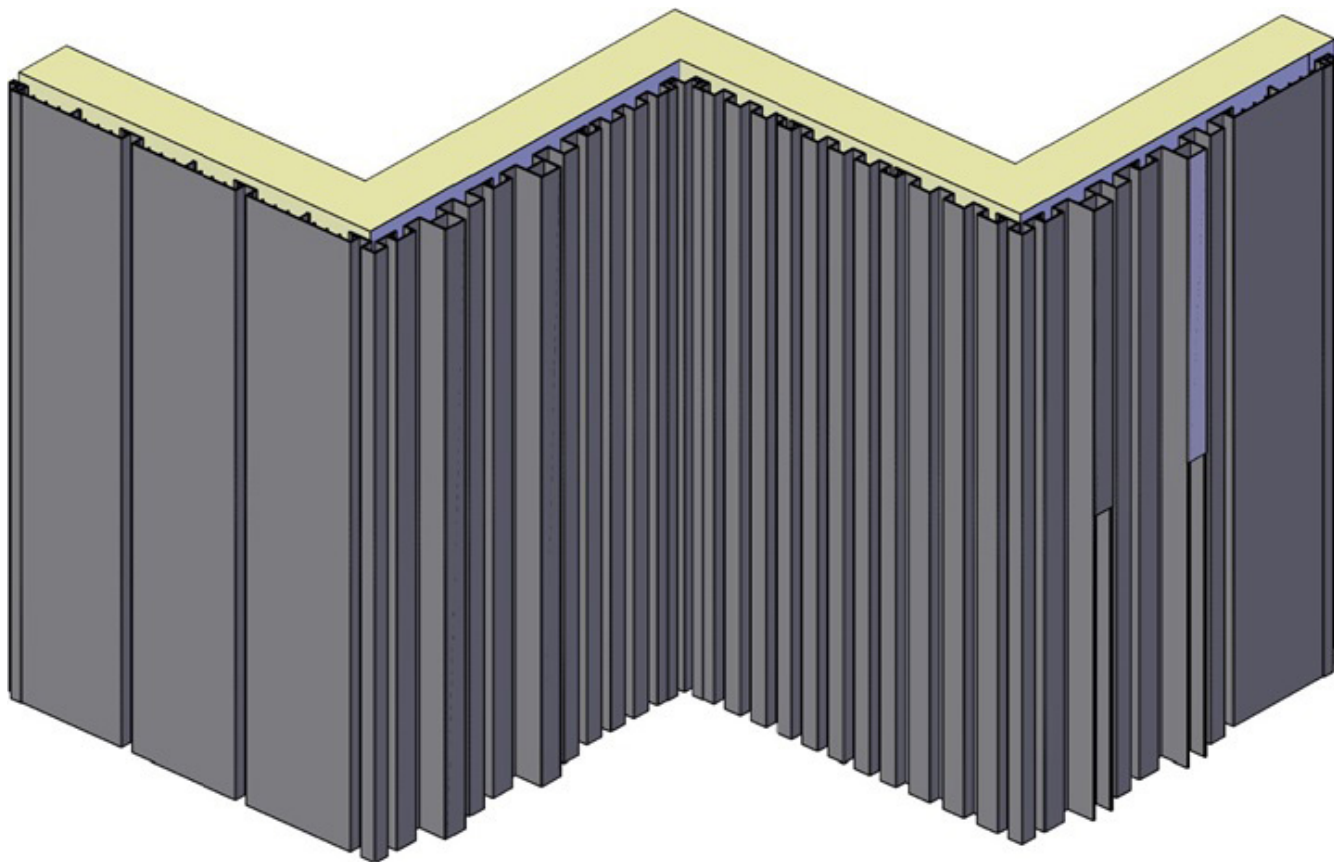

LW-2001 / 245x21.8mm / décalage 20mm / 200mm de pro ilé visible

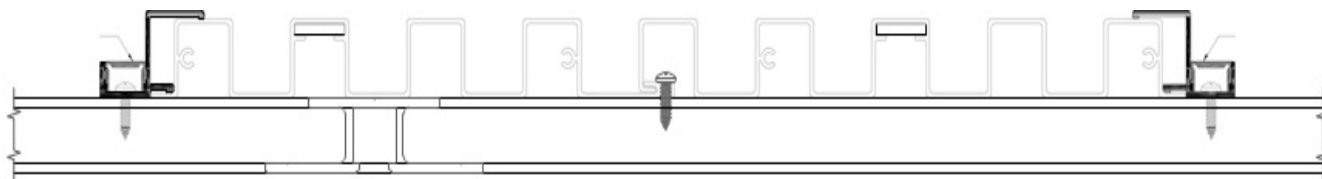

Epaisseur des profilés 1,6mm

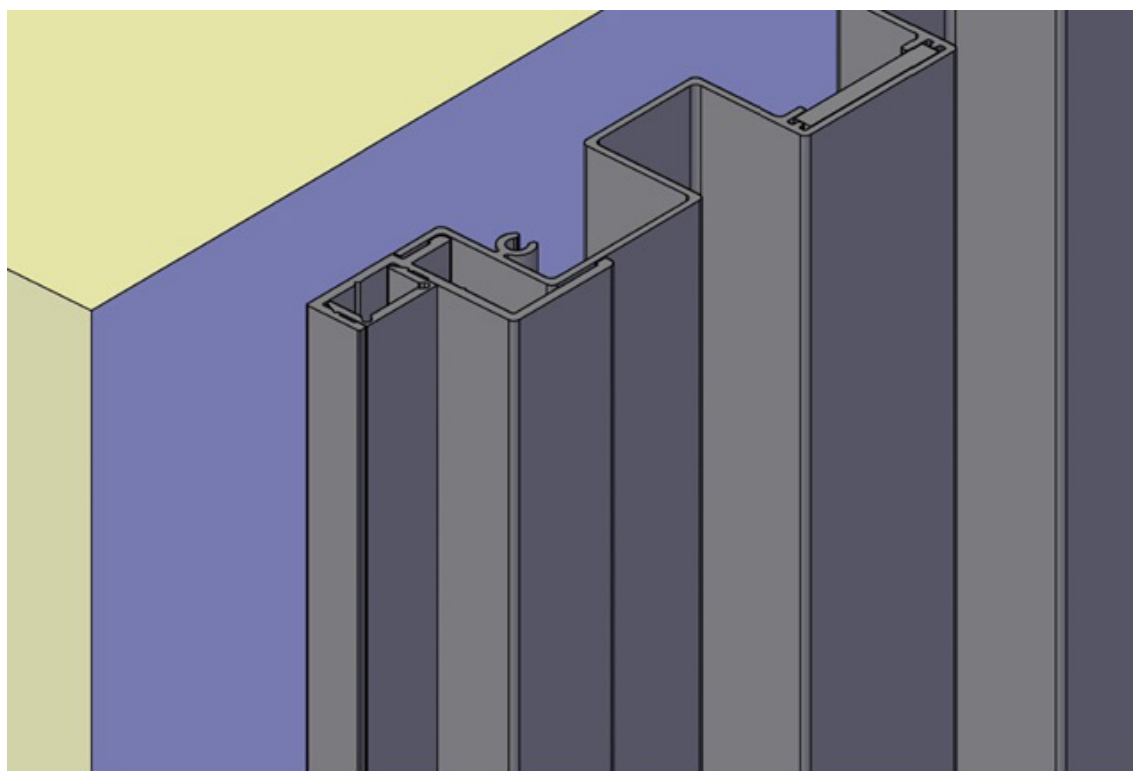

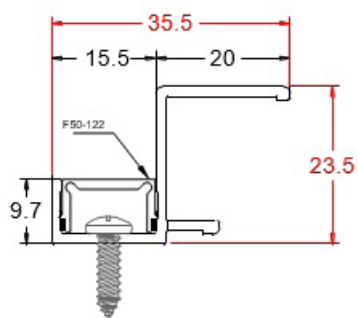

Combinaison de différents profilés

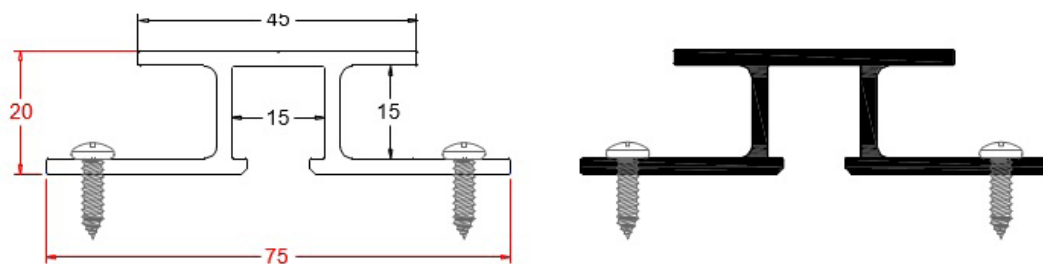

LW-3004 / 35.5x24mm

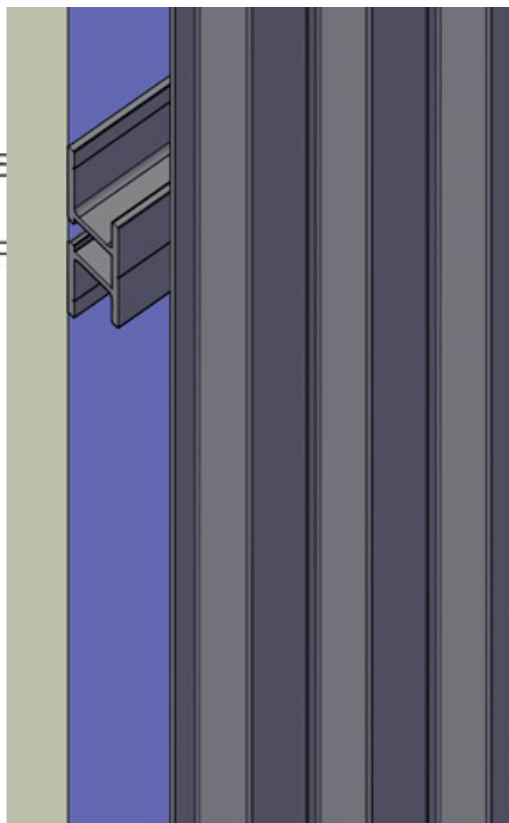

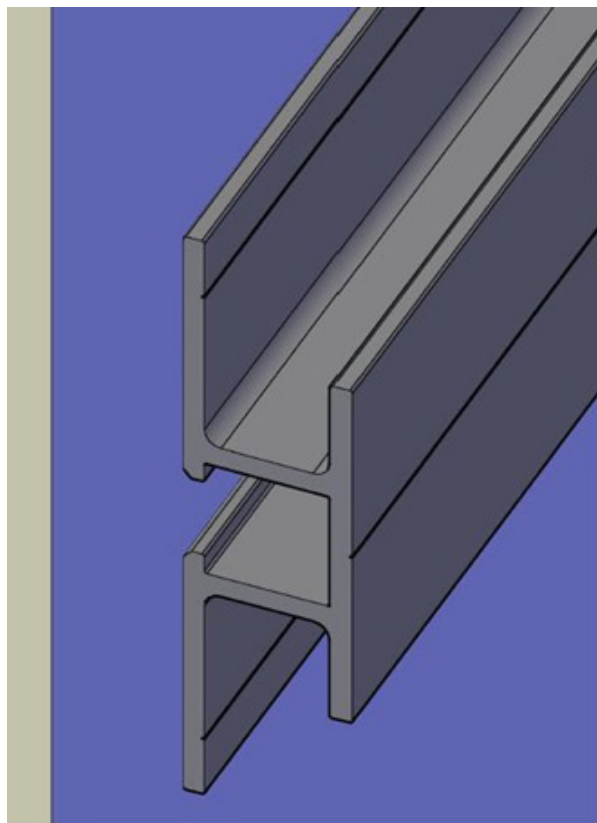

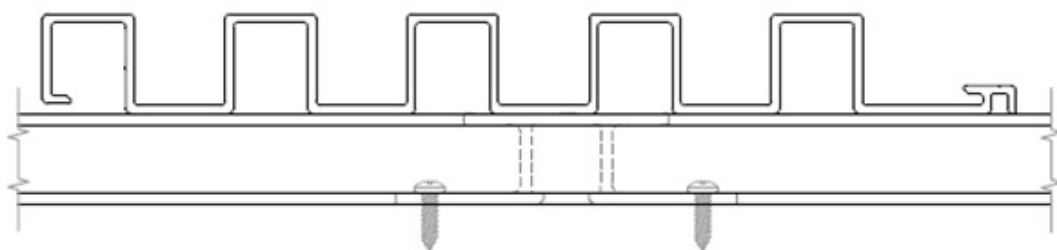

Epaisseur des profilés 1.5mm

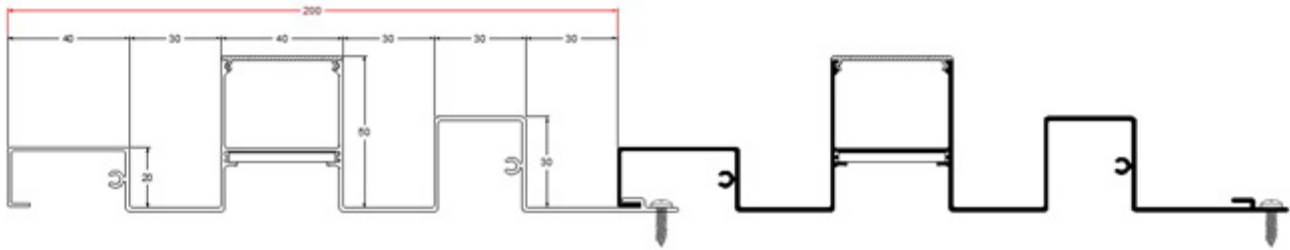

LW-1001 / 75x20mm

Epaisseur des profilés 2.5mm

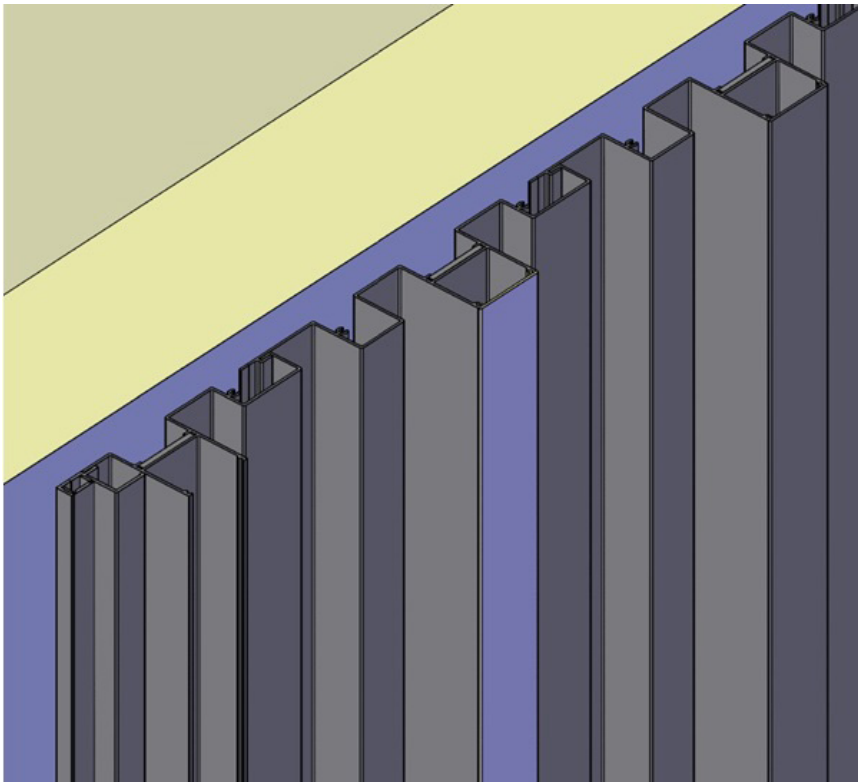

LW-5000 embouts aluminium / embouts plastic A240-002

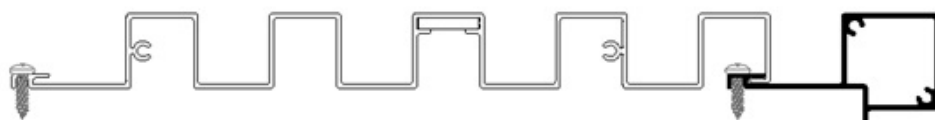

WD-5000 épaisseur 1.2 mm

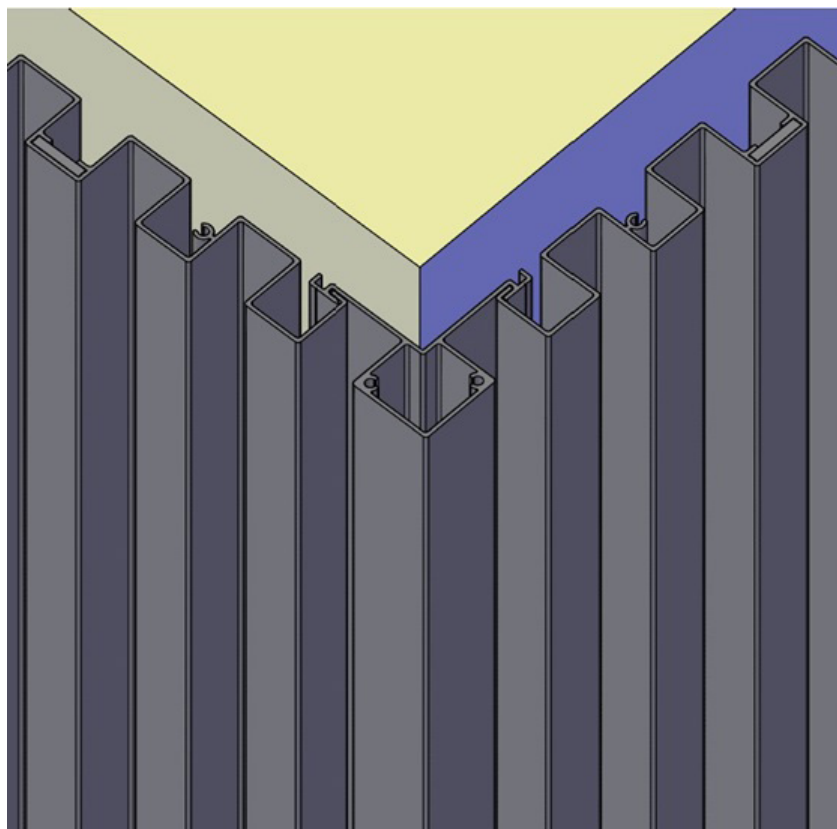

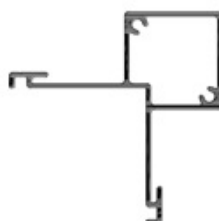

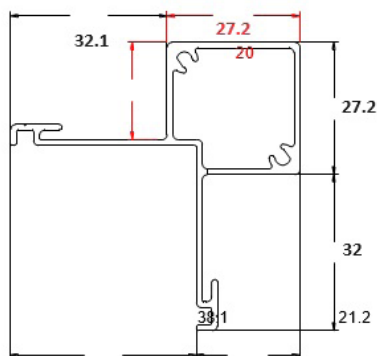

A240-002 épaisseur 1.2 mm

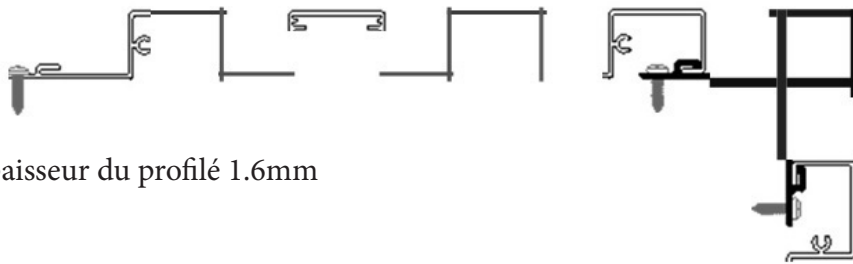

LW-3001 Profilé de coin extérieur

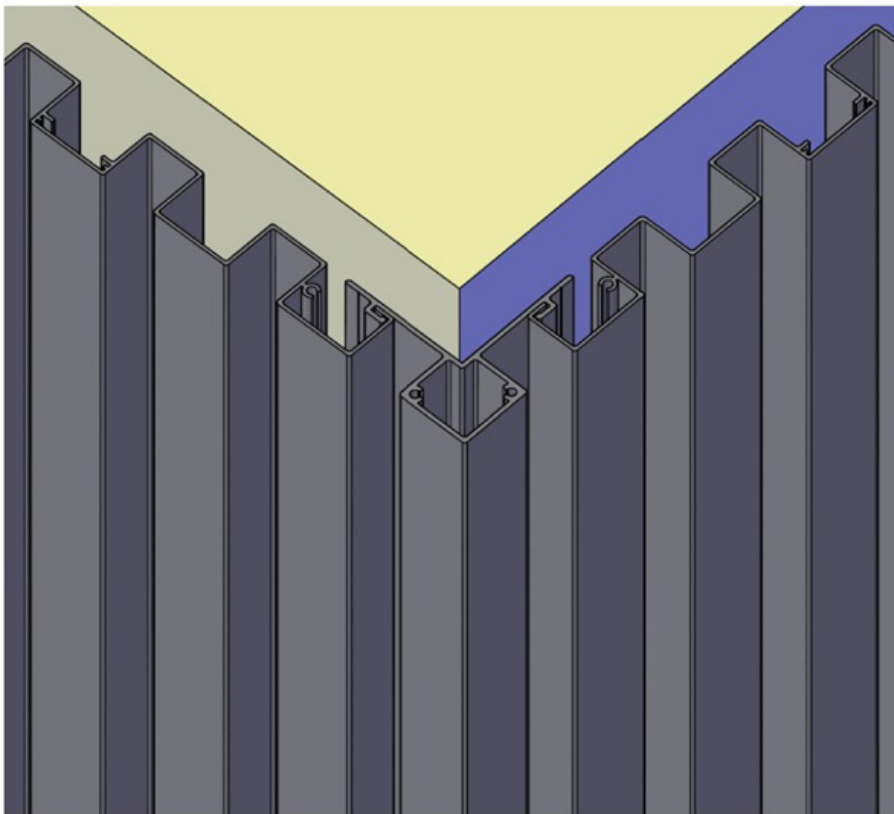

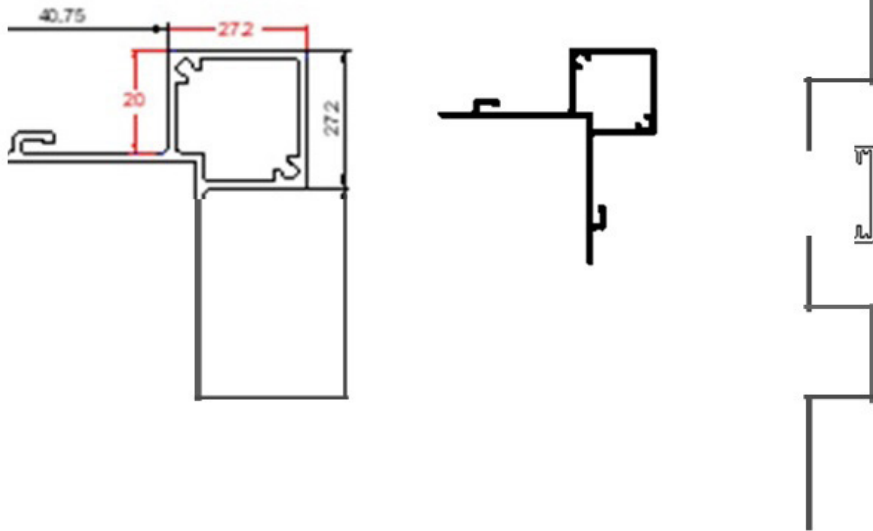

Profilé épaisseur 1.2 mm

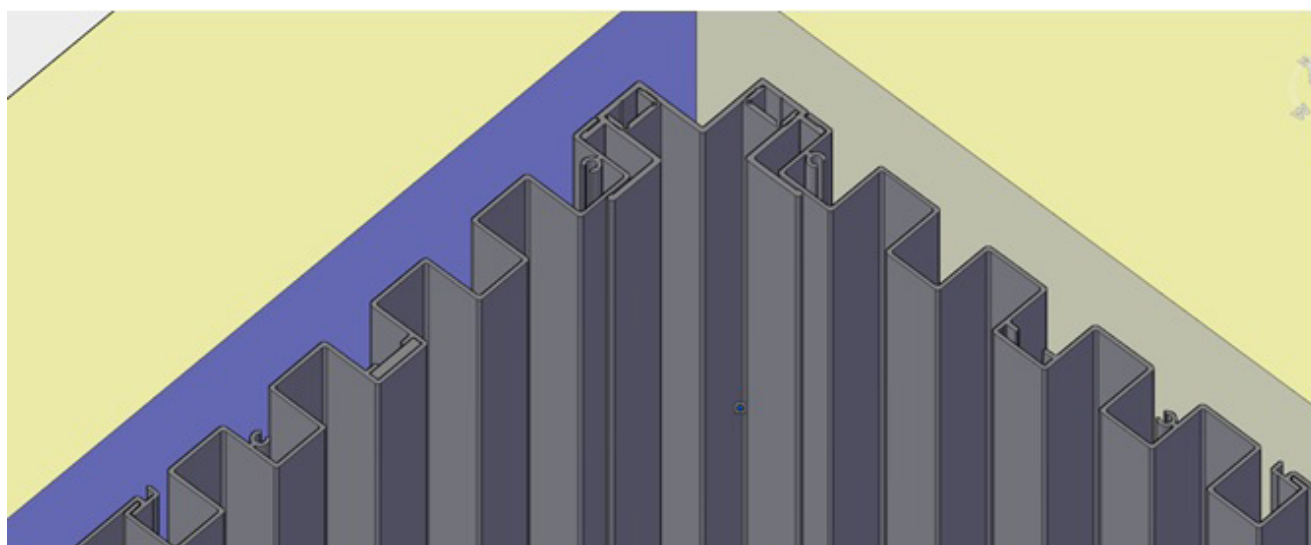

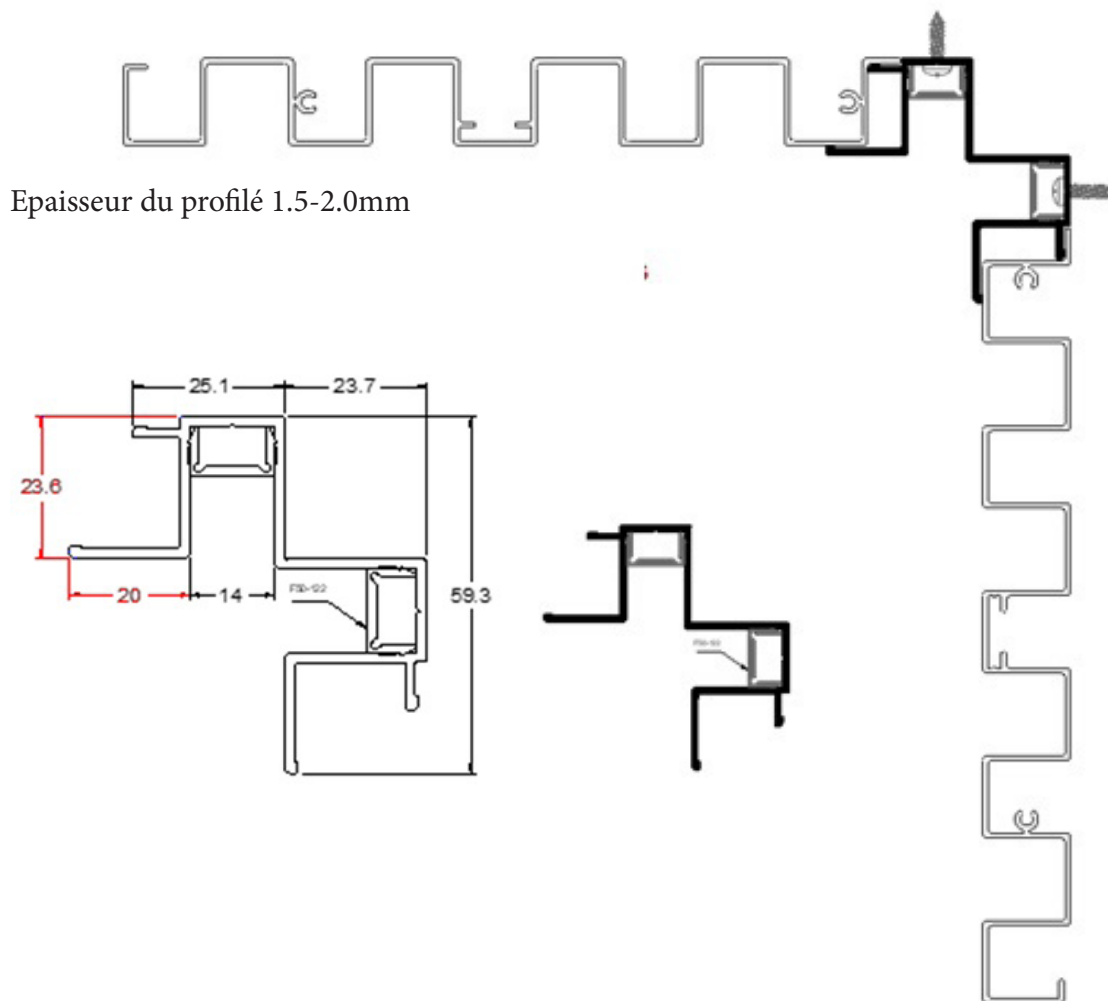

Coin extérieur / LW-3002

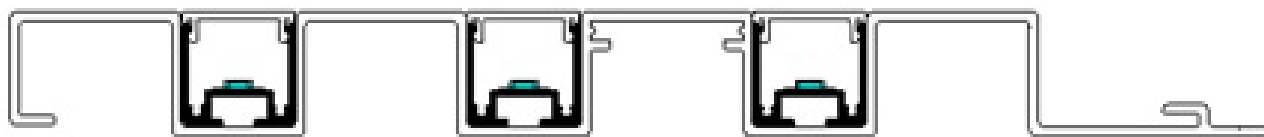

Epaisseur du profilé 1.6mm

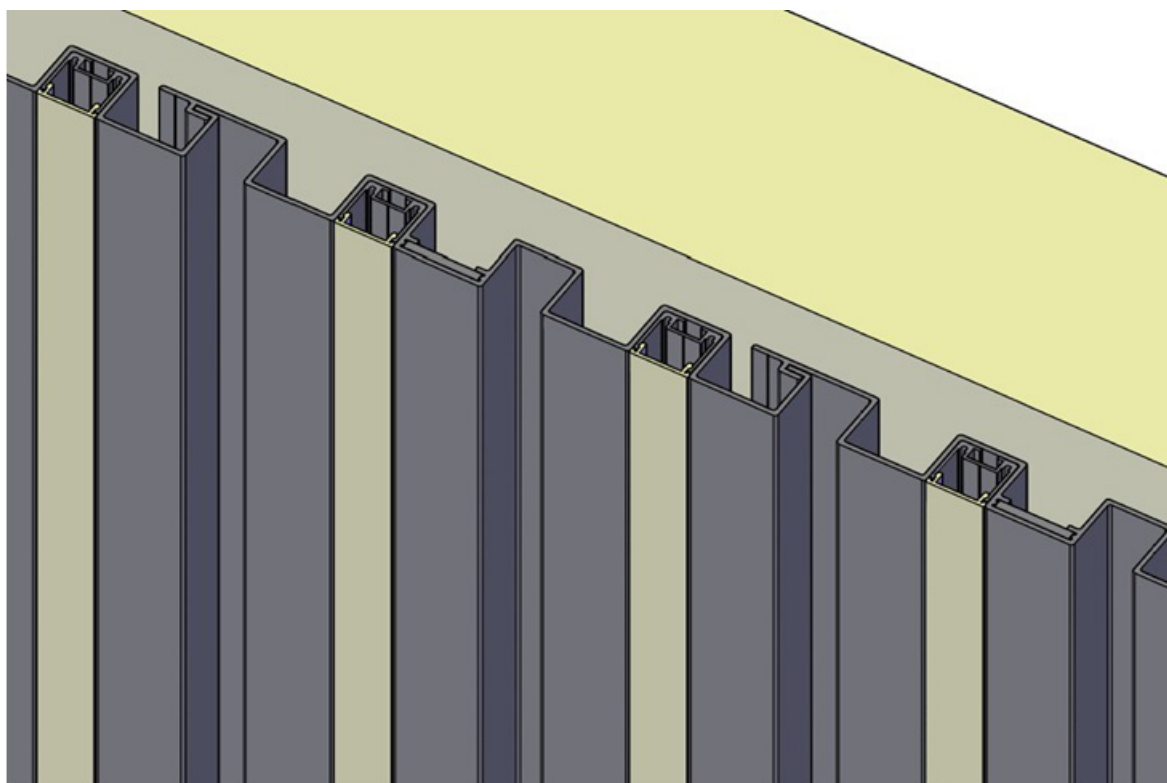

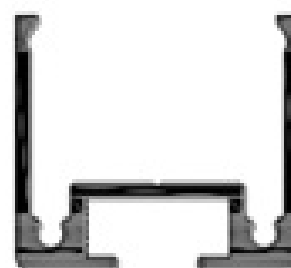

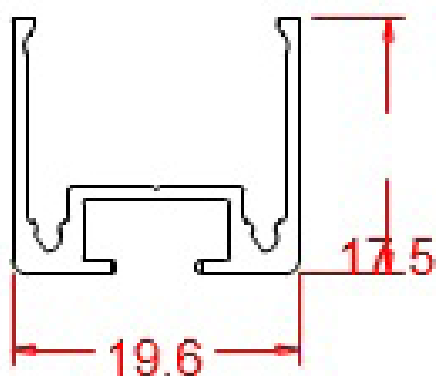

Coin intérieur/ LW-3003

LW-4000 profilé additionnel pour LED

Epaisseur du profilé 1.0-1.6 mm

Option coin extérieur avec LW-3004
